Re: Referral Under JFK Act of INS Equities in HSCA Record 180-10110-10129

Dear Mr. Leahy:

Pursuant to your conversation with Joe Freeman from our staff, I've enclosed the three relevant pages of the above-referenced record for your review. For purposes of this referral, the Department of Defense's requested postponements have been redacted, but please be advised that our Board has not yet acted on this record and these requests may or may not be sustained.

Our Board intends to review this record at its meeting of July 9, 1996. Should INS wish to request any postponements of its equities, we would ask that your evidence on behalf of any such requests be submitted not later than July 2nd.

Please feel free to contact Joe should you have any questions. Thank you, also, for the information you passed on regarding the passenger and crew list from the *Maasdam*. I may be getting back to you in the near future on this latter subject.

Thank you for your cooperation and assistance.

Sincerely,

David G. Marwell  
Executive Director

Enclosure
