Subject: Open USSS Documents at Archives II

I've left a stack of documents on your chair. Some have yellow-sticker attachments which draw your attention to their subject matter, or which suggest an ultimate destination after you've perused them (Anne, for instance). Highlights include:

- 008894 - RIF and photocopy of manila folders only. This suggests that there are 413 pages of "Secret Service Protective Cases 1963 (March - Dec.)" in the vault at Archive I. We'll find out tomorrow!
- Some odds and ends relating to Presidential trips to Philadelphia (Oct. 30, 1963), Chicago (March 23, 1963, cancelled trip of Nov. '63), Miami (Dec. 29, 1962 [Orange Bowl/Cuban prisoners], Nov. 18, 1963), Costa Rica (1963), the Bahamas (December, 1962), Dallas (Nov. 63).
- Dillon Report, or at least drafts thereof.

Hope this is helpful.
