Subject: Document Request

Persuant to our conversation earlier today, I'd like to come out on Monday (9/15) and look at various items from both the Warren Commission and HSCA collections. I know the requests listed below represent a lot of records. **My top priority is Warren Commission series #27: "Records Relating to the Report of the Commission."** I'd like to see that first. The rest can be brought out in staggered fashion if that would be helpful to you. I would expect to be on the 9:00 AM shuttle unless I hear back from you or Martha indicating that won't work for you.

Numbered Files boxes: 70, 122, 127, 151, 160, 211, 228, 253, 281.

Warren Commission

Record Series Numbers (from Marion Johnson inventory):

- 1 - Proceedings and Minutes of Executive Sessions
- 3 - Register of Letters Received ("Incoming Mail Log")
- 8 - Numbered Commission Document File (I want to copy the 12/9/63 FBI Report, which I believe is CD 1, and the 1/13/64 FBI Supplemental Report, though I'm not sure which CD this is)
- 20- Presidential Commission Administrative Records
- 27- Records Relating to the Preparation of the Report of the Commission**
- 39- Stenotype Notes of Proceedings
- 44- Office Files of Staff Members [I only need the box with Arlen Specter's files; according to the inventory, this series is organized alphabetically by staffers' names]
- 46- Report of Meeting of Members of Staff, July 9, 1964

Many thanks!
