

MEMORANDUM

By Facsimile

December 1, 1995

To: Steve Tilley, NARA
From: Joe Freeman, ARRB
Subject: Document Request

Per our discussion earlier today, I'd like to come out to NARA II on Monday to look at some boxes from the CIA Segregated Collection. Specifically, I'd like to look at Boxes 19, 20 and 21 from this collection. I'd also like to look at one of the boxes RIFed by Matt and Kris from this past year's consignment of segregated materials from the CIA -- any box would be an adequate sample for me. My understanding is that these are separately boxed at the end of the Segregated Collection?

This request is related to my ongoing attempt to better understand the handling of material withdrawn from the HSCA Security Classified Files. Many thanks in advance for educating me!

We have an A&R staff meeting at 9:30 AM Monday, but I still hope to make the 10:00 shuttle. I'll let you know if I miss it. See you Monday and have a good weekend!
