Dear Judge Minier:

Thank you for your letter of March 18, 1997 and for your earlier requests about Claude Barnes Capehart.

I personally raised the issue of Mr. Capehart with the responsible officials at the Central Intelligence Agency and we have forwarded an official request to the Agency for additional information. The results of our queries cannot yet be made public, however we will be addressing the issues before the Review Board's time has expired.

Although I regret that I cannot provide more information and this time, you may be assured that we have made the appropriate document requests.

Sincerely,

T. Jeremy Gunn
General Counsel and
Associate Director for Research and Analysis
