

Final Staff Suggestions for Invitees to Experts Conference

February 6, 1998

The following is the staff's final suggestion for invitees to the Experts Conference. Two persons have already accepted invitations. The list below suggests that fourteen additional persons be invited, and includes eight names as suggested alternates. We presume that not everyone invited will attend. The list was formulated with regard to several factors, including: Board member recommendations, staff experience, Page Miller's recommendations, and the cost of transportation of the potential invitees to Washington.
