

**Assassination Records Review Board
Notation Voting Form
Extension of Time for Foreign Government Response
April 27, 2017**

This notation voting form is being distributed to each Member of the Assassination Records Review Board. The Members of the Board are requested to vote on and sign this form. In accordance with the terms of the Sunshine Act, the Members of the Board must not, while in a group of three or more Members, "deliberate" on the advisability of adopting the proposed Extension of Time for Foreign Government Response.

During a Special Meeting of the Review Board on August 30, 1995, by telephone conference call, the Review Board agreed to solicit the views of a foreign government with respect to the release of information. At the time of the August 30 meeting, it was believed that the response from the foreign government in question would be received within 30 days. Since the August 30 meeting, two members of the Review Board and two members of the ARRB Staff have met with representatives of the foreign government in question regarding the release of information. The officials with whom the Board Members and Staff members met have agreed to approach their government regarding the release of the information. The ARRB is now awaiting the decision of the foreign government.

The ARRB Staff recommends that the foreign government in question be provided additional time in which to respond to the ARRB's request.
