

MEMORANDUM

June 10, 1996

To: Whelan File

From: T. Jeremy Gunn

Subject: Conditions on photocopying

I received a letter from Amy Rodgers, dated June 7, 1996, wherein she authorized the Review Board to make one and only one copy of the Whelan records and where she stated that the copies not be shown to the public without Mr. Whelan's authorization.

She did not express those conditions to me during our initial conversation when we made the agreement that we would make a copy and promptly deliver the original to her. I never agreed to those conditions.
