

PAPERS OF RICHARD N. GOODWIN

Memoranda, position papers, proposed programs, correspondence reports, minutes of meetings, speech drafts, etc., created or collected by Richard N. Goodwin.

Mr. Goodwin was one of the speechwriters for the President and served as Assistant Special Counsel to the President and was assigned to the Latin American problem. He was later transferred to the State Department as Deputy Assistant Secretary for Inter-American Affairs and also served as Secretary-General of the International Secretariat of the Peace Corps.

Many of the documents in this collection of papers bear security classifications as high as TOP SECRET. These papers are now filed in the vault; it was considered to be impractical to separate the unclassified documents from those which are classified and thus destroy the integrity of the file. The papers are in archives boxes.
