I apologize for taking so long to get back to you. Below is a list of those names which do not need to be searched. The files on these individuals were subject to "prescribed disposition standards" following the April 3, 1989, memorandum of Colonel James Linnen.

Antonio de Varona, Manuel  
Kostikov, Valeri Vladimirovich  
Nosenko, Yuri

Regarding the POD's for the names which we have given you, we will require more time. However, I estimate that we will only be able to get POD's for a handful of these individuals.

In addition, on the issue of whether the individuals we listed, in our February 4, 1997 letter, are living or deceased, again this will require additional time. I will pass the names over to our investigator to find their POD's, but given the fact that many of these individuals may currently have aliases or left the country, we cannot guarantee that the POD's will be accurate.

Thank you
