COMMENTS:

Dear Steve:

Thank you for checking the documents John Machado delivered. I had thought the protective intelligence files simply referred to individuals. I did not realize I was asking you to do so much. Your note is very helpful. It seems at first glance that some protective files the Board designated at the March 13-14, 1997 meeting are still not in the collection. I might come out soon to double check the Secret Service materials delivered to you against the documents they have given to us.
