Dear Steve:

I have found four Warren Commission documents that are still not available to the public according to our database. Are you able to stamp them open? I am enclosing them: 180-10095-10244, 180-10095-10355, 180-10095-10370, and 180-10095-10421.

I am also enclosing 180-10112-10424, which consists of published Warren Commission testimony. Our database shows that this is referred. I am not sure why. Are you able to stamp this open? Please let me know if there is any problem.

Thanks for your help.

Sincerely,

Joan Zimmerman
