From: Joan Zimmerman

Subject: US Secret Service Materials at the August 5-6, 1996 Board Meeting

1. On July 11, 1996, John Machado delivered some documents and a tape cassette responsive to our request dated April 3, 1996. The Board will be able to designate the following materials "assassination records:"

--A recording of a 13-minute interview with Chief James Rowley on August 7, 1963, conducted by Congressman Frank Horton (Rochester, New York). Chief Rowley commented on the changes he found necessary to accommodate the pace of President Kennedy's travels; security arrangements for the President's foreign travel; Rowley's participation in Presidential protection; general problems with Presidential security; and Secret Service agents on the President's limousine.

--8 Protective surveys for President Kennedy (October 30, 1963-November 21, 1963)

2. The Board will be able to consider postponements in the following documents:

154-10002-10286
154-10002-10319
154-10002-10297
154-10002-10232
154-10002-10257

On page 4 of her July 15, 1996 letter, Jane Vezeris indicated that she would "welcome the opportunity" to make a presentation to the Board in support of the Service's postponements. She wishes to explain a security measure in person rather than writing it in a letter.
