Re: US Secret Service Equities in NARA Documents

Dear Jane:

I am writing to request your review of the enclosed 48 assassination records that have been accessioned by NARA and originated with the Office of Management and Budget, and the Treasury Department. These records, which are at NARA but not yet open to the public, appear to contain Secret Service equities. Mr. Steve Milline, Chief of the Records Management and Resources Branch, has indicated that the Treasury Department has no objection to the release of its records. In order to assist NARA, the Assassination Records Review Board is now forwarding these records to you for your examination. I have enclosed lists of the RIF numbers for your convenience.

We ask that you complete your review of these records no later than July 11, 1997. If you do not wish to make any postponements, please indicate on each document that it is open, forward these documents to Steve Tilley, and notify us. If you do wish to make postponements, please return the records, along with your evidence, to our office so that the Assassination Records Review Board can make its final determinations.

We appreciate your assistance in this matter.

Sincerely yours,

David G. Marwell
Executive Director
