Re: Request for Information (SS-15): Files on Individuals

Dear Jane:

This letter constitutes our fifteenth formal request for additional information and records under the President John F. Kennedy Assassination Records Collection Act of 1992, 44 U.S.C. § 2107 (Supp. V 1994).

I am writing to ask that you make available for our inspection files that are listed in the Abraham Bolden file. I have enclosed a memorandum from SAIC Boggs to Assistant Director Peterson dated December 12, 1967, which explains Bolden's Protective Intelligence activities for October and November, 1963. Included in this memo are the following individuals whose files we ask you to make available to us:

Frances Welsing: CO-2-33,804

Brady Hugh Fonden: CO-2-28,894

Mrs. Jena McFarlen: CO-2-33,958

NPPR: J-CO-2,2271, as follows:

Armando Diaz-Matos	Document #2775
Julio Cesar Acosta Negrón	Document #2209
Julio Flores Medina	Document #2012

In addition, this memo indicates (on page 2) that Bolden spent 8 hours on November 25, 1963, doing PRS check-ups on "Cuban subjects." If possible, please provide the names of these subjects of Bolden's check-ups.

Also, Bolden's Monthly Activity Report, which Assistant Director Peterson summarizes in this memo, stated that Bolden spent 2 hours on November 1, 1963, in a conference with White House Detail agents on President Kennedy's November 2, 1963 visit to Chicago. We ask that you provide us with any notes or reports resulting from this meeting.

By making this request, we are not designating these materials "assassination records." To the extent that this request presents logistical or other difficulties that we may not have anticipated, or to the extent that these records may be located in the National Archives at a place other than the JFK Collection, we will be happy to discuss with you ways in which the request might be amended.

We ask that you make these records available by May 14, 1997.

We appreciate your assistance.

Sincerely yours,

David G. Marwell
Executive Director

cc: Mr. Donald Personette
