Steve:

Thank you for your letter updating me on the Secret Service material. On July 15, John Machado delivered even more material responsive to our April 29, 1996 letter. He indicated that he had delivered disks and documents to you on July 12. I hope everything he listed is there.

Joseph Backes has sent us a letter in which he indicated that the following document has not been opened: 180-10105-10413 (agency file no. 014026). I checked in the numbered files and found that it has not yet been marked open. The deposition next to it in the file, also by Rowley, is marked open: 180-10105-10412 (agency file no. 014026). May I ask you to check on the first one? I believe that it should be open by virtue of the Secret Service letter we received in October 1995, which listed the only documents the Service wished to postpone. Neither Rowley deposition was on that list.

Thanks for checking this!
