Eric:

1. The next time you go to College Park would you please check to see if *The Record* for the years 1960-1964 is in the Archives? *The Record* is an internal USSS newsletter. I checked with the Textual Reference section (not the JFK Collection) about 8 months ago, and I found that the volumes of *The Record* ended with 1959.

If the 1960-1964 volumes are not at NARA II, please ask someone at the Archives (probably in the Textual Reference section) to write a letter to us saying that the 1960-1964 volumes are not there.

2. Please make copies of the following:

CD # 702 Information to be provided to USSS

CD #922 Protective Procedures

CD# 992 Protective Procedures

CD # 1550, Carswell to Rankin, 10-16-64.

CD #1014 Zapruder film

CD # 1058 White House Detail

CD # 1106 Protection Information

Please look at CD #1095 to see if the affidavits are the same as the statements made by SS agents in the motorcade, which we already have.

Please look at a letter from the Secret Service to the Warren Commission, 8-11-64: letter enclosing affidavits of Baker and Howlett. Is this Baker the same as Thomas L. Baker who apparently has notes on Oswald's interrogation? This letter was listed on the Warren Commission incoming mail log.

Also listed in the incoming mail log is 10-16-64: letter forwarding copy of SS Manual re SS advance procedures. If it is not too lengthy, please copy it.

Thanks.

Joan
