Re: Request for Additional Information and Records No. SS-2
from the Assassination Records Review Board

Dear Jane:

Please make available to us any photographs, audiotapes, films, and videotapes that are reasonably related to the Kennedy assassination. This request includes, but is not limited to, films of the Parkland doctors' news conference on November 22, 1963; any photographs, recordings, or film footage of Lee Harvey Oswald; any recording (and/or transcript of a recording) of Secret Service or military communications created on tape (or any other recording device) of the Dallas motorcade itself.

We are still awaiting your complete response to our request of October 25, 1995, regarding correspondence of Chief of the Secret Service, James J. Rowley. I trust that you will be able to complete the response by February 25, four months after it was requested.

To the extent that this request presents logistical or other difficulties, or to the extent that these records may be located in the National Archives, we will be happy to discuss with you ways in which the request might be amended.

We appreciate your help in this matter.

Sincerely yours,

David G. Marwell

Executive Director
