Subject: Review Board Release of a Threat Sheet

At the November 1996 meeting, the Review Board voted to open 154-10002-10353 in full. The individual named in that document also appears in the threat sheets as #164. The Secret Service had indicated that this sheet number was on their list of names not to be opened.

In our letter of December 19, 1996, we asked the Service to notify us as soon as possible if they planned to appeal to the White House. Jane Vezeris's letter of December 11, 1996 implied an appeal, and we had requested clarification. We have no answer as of today.
