Subject: FBI files on Sergio Arcacha Smith

I reviewed FBI files in which Sergio Arcacha Smith's name appeared. Arcacha Smith was very forthcoming with the FBI and with the U.S. Government generally. There is no "case file" on Sergio Arcacha Smith. Rather he is mentioned as the New Orleans delegate to the FRD and later CRC in the files on other individuals or anti-Castro groups. The earliest report on him is from the Office of Naval Attache in Caracas, Venezuela dated 8/21/60. Arcacha Smith and another Cuban national in Caracas visited the Office of Naval Attache to secure help in getting to the U.S. Arcacha Smith's background as a Cuban diplomat is described.
