

The routine on feeding Hero and Dinah:

- 1) Put them outside.
- 2) Tear up one piece of sliced turkey from the refrigerator in each of the blue bowls.
- 3) Put a bit less than one plastic cup (which is in the bag) of dog food in each of the bowls.
- 4) Feed Hero in the kitchen (put his bowl down first and tell Dinah to back-off), and then feed Dinah in the living room.

Phone numbers:

Pat Tiernan--385-1083. Of course you can leave a message if she isn't home.
Kevin's pager--218-9356.

Miscellany:

I will probably call tonight or in the morning to make sure you are doing okay.

There is a bag of plastic bags on the back of the kitchen door, and I usually just leave their leashes on the floor by the front door.

Please help yourself to anything you can find in the kitchen.

Both of the dogs will let you know if they need to go outside. Any whining, pacing, standing around staring at you might be a signal.
