Re: Deed of Gift for the Historical Materials of Charles Bronson

Dear Mr. Young:

Enclosed please find a draft Deed of Gift for the materials your family will be donating to the John F. Kennedy Assassination Records Collection at the National Archives. As you will see when you review the draft, I have not yet included the language specifically referencing your gift. I understand that your family would like to place certain restrictions on the gift. Once you and your family review this draft, please give me a call so that we can discuss which paragraphs in the draft you would like to alter.

Thank you for your attention to this matter.

Sincerely,

Laura Denk, Esq.

Enclosure
