Dear Mr. Hosty:

In response to your recent telephone call in which you asked about our search for Secret Service records, I am enclosing two letters for your information. The letter dated January 6, 1997, is our request to the Secret Service for the list of eighteen items cited by Bouck in his Warren Commission testimony. The letter dated May 19, 1997, is the Secret Service's response to our request.

As I told Mrs. Hosty today on the telephone, we hope that the FBI will soon clear for release the audiotapes of our interview with you and that they will also soon clear for release your testimony to the Church Committee. We will send you both the ARRB audiotapes and the Church Committee transcripts as soon as we can.

I hope that you and Mrs. Hosty are doing well. Please keep in touch and, of course, call if you have any questions.

Sincerely,

Laura Denk
