Dear LuAnn:

Here is the list of HSCA subjects that we have been discussing by telephone. As you know, we were surprised at how little the Bureau released to the Archives on 4/30/98, given the amount of negotiation that has been done since August of 1997, and given our understanding that post-production on these files should have been ongoing for at least 7 months.

Of course, these numbers will be somewhat different from yours, since we have slightly different page counts. While a slight difference is to be expected, I would very much like to know if you are aware of anything that I am missing that would make a significant difference in the numbers.

I will notify the Board of the Bureau's goal to have the remainder of the fully negotiated subjects transferred in early June. Please keep us updated as to the FBI's progress in reaching this goal.

Laura
