Re: Addendum to Additional Information Request No. FBI-50 (Harry Dean)

Dear Carol:

In our February 9, 1998, request for files referencing Harry Dean, the ARRB staff requested any and all FBI Headquarters and Los Angeles field office files referencing Dean. The ARRB staff now requests access to any and all FBI Chicago field office files referencing Harry Dean. This request includes, but is not limited to any 134- or 137- case classification files in the possession of the FBI.

Thank you for your continuing cooperation.

Sincerely,

T. Jeremy Gunn  
Executive Director
