

The Assassination Records Review Board Summer Internships 1995

The Assassination Records Review Board is seeking interns for summer 1995.

The Assassination Records Review Board is an independent federal agency created to oversee the identification and release of records related to the assassination of President John F. Kennedy.

The Review Board was established by The President John F. Kennedy Assassination Records Collection Act of 1992 (PL 102-526), and was signed into law by President George Bush. The five members of the Board were appointed by President Clinton, confirmed by the United States Senate, and sworn in on April 11, 1994. The law gives the Board the mandate and authority to identify, secure, and make available all records related to the assassination of President Kennedy.

Summer interns may work on one or more of the following projects for the professional staff:

- forensics evidence (ballistics and medical);
- eyewitnesses;
- reviewing CIA and FBI records regarding the assassination;
- additional projects for the General Counsel in the broad areas of information law, privacy law, and national security law.

The internships are unpaid. To apply, please fax or mail a cover letter describing interest in the internship, a résumé, and an unofficial or official transcript to:
