Subject: CIA-IR-23 Watch Reports of the United States Intelligence Board

In response to ARRB's informal request for additional information and records CIA-IR-23, CIA has searched the records of the National Intelligence Program Evaluation Staff (NIPE), including the United States Intelligence Board Watch Reports, action memorandums, meeting minutes, and chronological files for the period January 1963 to May 1964 for information relating to the assassination of President John F. Kennedy.

The search produced eight United States Intelligence Board Watch Reports from the period 27 November 1963 to 27 May 1964. I have reviewed these eight documents consisting of 14 pages and have marked portions of six reports as assassination records: 27 November 1963, 24 December 1963, 22 January 1964, 22 April 1964, 29 April 1964, and 20 May 1964.

Like the President's Intelligence Checklist and the President's Daily Brief, these documents cover multiple topics. I recommend that the portions of the document not believed to be relevant to the Kennedy assassination be declared NBR and redacted.

Once the six marked reports have been included for processing as assassination records, this response is complete.
