Dear Mr. Dix:

I am writing to follow up one of the issues you raised in your letter of February 1995. In the notes attached to your letter, you made three references to a connection between a "George Bush" and a possible assassination plot.

"Consider that the operator at the Houston hotel where the Kennedy entourage stayed the night before said she overheard a local call from a George Bush to someone in the Kennedy party talking about the shooting to occur the next day."

"Consider that one hour after the assassination, the CIA sent out a classified telegram to a handful of people. Included on the list of people receiving the telegram -- George Bush, Houston, Texas."

"Consider that two weeks after the assassination FBI Chief J. Edgar Hoover gave a private top secret briefing to 'CIA Special Agent, George Bush'."

The Review Board staff is interested in reviewing whatever primary or secondary evidence you may have for these statements or any additional information you may have on a "George Bush of the Central Intelligence Agency."

As you know, the Review Board is not seeking to reach any conclusions regarding the assassination, but is primarily concerned with identifying, clarifying, locating, and making available assassination records. We appreciate your help in possibly locating additional assassination records to clarify the historical record.

Should you come across any information which may be of help, please do not hesitate to contact us. Please call (collect) for either Michelle Combs (a Senior Analyst on the CIA Records Team) or myself. Thank you again for your assistance.

Sincerely,

T. Jeremy Gunn
