Note for Monster Memo Attachment:

Each of the folders identified below has been examined for materials relevant to an understanding of the assassination of President John F. Kennedy. All documents relevant to the assassination have been marked for review. The remaining portions of folders or entire folders have been marked NBR.

Where the subject of a folder might cause particular doubt as to the relevance of the material marked NBR, it has been explicitly noted in the comments that the ARRB staff was particularly careful in examining the NBR material.
