Re: Meeting Report from November 7, 1996 Interview

Dear Dr. Horbaly:

Enclosed please find a copy of the meeting report, written by Mr. Doug Horne, following ARRB's interview with you on November 7, 1996. Our tape recorder apparently was malfunctioning and the recording of the interview is completely unintelligible. As a result, it is the meeting report which ARRB will send to the National Archives and Records Administration for inclusion in the John F. Kennedy Collection. I enjoyed speaking with you on the telephone yesterday. Should you have any further questions, please do not hesitate to contact me.

Sincerely,

K. Michelle Combs
