FROM: Manuel E. Legaspi

SUBJECT: National Security Agency Documents with Department of the Air Force Equities

1. Per our telephone conversations over the last few weeks, I am enclosing nine classified documents originated by the National Security Agency that were found through a search of NSA Archives per the requirements of the John F. Kennedy Assassination Records Collection Act (P.L. 102-256). You will find attached to this memorandum record identification forms (RIFs) and highlighted copies (reflecting the NSA's protected equities) of the following documents:

144-10001-10175, 144-10001-10177, 144-10001-10178, 144-10001-10179, 144-10001-10180, 144-10001-10249, 144-10001-10251, 144-10001-10253, and 144-10001-10268.

2. These documents are being referred to you so that you can conduct a review for your agency's equities prior to official Review Board action. Please be advised that NSA has indicated that it has no objection to the release of the names of DAF personnel in these documents, and had initially marked them for protection for privacy reasons only. Should DAF request that the names continue to be protected, please indicate so by bracketing the names (and any other items that you wish to protect) on the highlighted copy of the document, and return the enclosed materials to the ARRB by Friday, 27 February 1998 so that we can continue with the processing of this document.

3. Be advised that the ARRB reserves the right to release DAF equities in these documents if we do not receive a response by that date.

Thank you for your cooperation.
