Re: ARRB Request for Additional Information and Records No. CIA-9 (Publications and analytical materials)

Dear John:

We would once again appreciate your assistance in obtaining access to CIA records of possible pertinence to the John F. Kennedy assassination. We request that you locate CIA or Intelligence Community serial publications for the dates immediately before and after the assassination (November 20-30, 1963), including such publications as the President's Daily Brief, the President's Checklist, or any serial publications related specifically to Cuba or the Soviet Union. In addition to intelligence reports, we also request that a search be undertaken for any analytical materials bearing upon the assassination.

As with our previous requests, we would be pleased to discuss with you ways in which we might better refine this request.

Thank you for your assistance.

Sincerely,

David G. Marwell  
Executive Director
