Memo to File

From: Michelle Seguin

File of HSCA correspondence with BATF concerning BATF files

- All letters in this file are from Robert Blakey to Director of BATF, Rex Davis and vice versa; generally, the letters contain requests for information, and responses, regarding specific individuals with emphasis on those individuals with underworld and/or other criminal connections; this file contains rather extensive lists of individuals
- In responding to the HSCA, the BATF clearly indicates the files it did and did not locate. (I have highlighted such cases.)
- Two documents of interest: an outside contact report dated 05/26/76 discussing file search procedures and the difficulty in locating all relevant records; and another outside contact report dated 03/25/78 discussing procedures for the destruction and retirement of records (please see these documents for detailed explanations of the above-mentioned procedures)
