RE: Additional Information Request No. FBI-9 (NO 1309-C)

Dear John:

The ARRB staff requests access to any and all FBI informant files (or "source" files) associated with the person or persons designated by the symbol number NO 1309-C and presently or previously maintained by FBI Headquarters or the FBI's New Orleans field office. Our request includes all files presently or previously maintained on such person or persons under the "134" or "137" classification, regardless of whether the FBI may have designated such person or persons as criminal informant(s), potential criminal informant(s), security informant(s), potential security informant(s), confidential source(s), counterintelligence asset(s) or any other type of source of information, and regardless of whether such person or persons ever received payment from the FBI.

In view of the FBI's stated concerns regarding inadvertent or unauthorized disclosure of informant-related material, we will be happy to discuss with you appropriate procedures for our handling and review of any material responsive to this request.

Thank you for your continuing cooperation.

Sincerely yours,

David Marwell
Executive Director
