Re: Telephone Interview, March 10, 1997

Dear Dr. Rhoads:

I am writing to confirm our telephone conversation of today, in which we scheduled a telephone interview for Monday, March 10, at 10:30 am Pacific time. Douglas Horne and I of the ARRB staff will conduct the interview, which we anticipate will take no longer than 30-45 minutes. The subject of the interview will be the 1966 inventory of materials from the autopsy of President Kennedy at the National Archives.

As I mentioned during our conversation, we think it would be useful to refer to particular records while we are talking with you. Accordingly, I am enclosing photocopies of two records related to the 1966 inventory of autopsy materials, which we have marked for ease of reference as "ARRB MD 12" and "ARRB MD 13." Please have these records at hand when we speak with you on Monday.

As we also discussed today, the ARRB would like to make an audio recording of our phone interview with you, which will be preserved at the National Archives and made available to interested members of the public when the ARRB has finished its work. You told me you had no objection to this way of proceeding. We will be happy to send you a copy of the audiotape if you so desire.
