

MEMORANDUM

BY FACSIMILE

To: Steve Tilley, NARA
From: Phil Golrick, ARRB
Date: June 2, 1995

Thank you for your assistance in reviewing HSCA documents at the Legislative Archives earlier this week.

I am writing now to ask for access to two more HSCA documents, the RIFs for which are attached. It appears that both of these documents are currently on referral to other agencies, so that presumably they are at the Legislative Archives, rather than with the JFK Collection at College Park. If this is correct, could you arrange for the documents to be made available for review by an appropriately cleared ARRB staff member at the National Archives in Washington, D.C.? If you do have copies of these documents at College Park, we can review them there instead.

Please give me a call if you have any questions or difficulties. As always, thank you for your assistance.
