

August 23, 1995

Kenneth A. Duncan  
Director, Office of Intelligence Coordination  
Bureau of Intelligence and Research  
United States Department of State  
Washington, D.C. 20520

Dear Mr. Duncan:

My staff and I are grateful for the opportunity to have met this morning with you and your colleagues, particularly given the relatively short notice involved.

I believe that our discussion on foreign liaison concerns was very constructive. We at the ARRB look forward to working with you to establish procedures whereby the State Department will assist the Review Board in approaching foreign governments, through appropriate diplomatic channels, to seek agreement that information provided through liaison relationships may be released pursuant to the JFK Act.

Sincerely,

John R. Tunheim  
Chairman
