Re: JFK Assassination Records

Dear Commander Buchholz:

Per our recent telephone conversation and your conversation with Joe Freeman, I have enclosed a document from the files of the House Select Committee on Assassinations ("HSCA") for your review and recommendation for treatment under the JFK Act. The document includes notes from the HSCA's review of files located at the Dade County Public Safety Department. The FBI and U.S. Secret Service have already cleared their equities in this record.

As we discussed, please proceed with review of this document in the same manner as with others you have received from our office. Please do not hesitate to call me if you have any questions. Thanks again for your cooperation.

Sincerely,

Brian E. Rosen, Esq.  
Senior Analyst
