Mr. Harry Connick
District Attorney
Parish of New Orleans
619 South White Street
New Orleans, Louisiana 70119

Dear Mr. Connick:

- Richard Brown suggested faxing a letter to Mr. Connick today to ensure a paper trail. Mr. Hunger is concerned that ARRB have a paper trail of attempts to speak to Mr. Connick about the records still in his possession.
- Richard Brown suggested the language in the letter express the board's urgency in wanting to speak with him about the records in his possession and that if that is not accomplished the board will take other action. He does not want to warn Connick of any board action to come, but stresses that a paper trail is necessary.
- Richard Brown also feels that if Mr. Connick does not call the board today that the letter, mentioned above, should definitely be faxed to him today.
