Re: FBI Equities in the Records of the IRR Subject to [The John F. Kennedy
Assassination Records Collection Act of 1992], 44 U.S.C. § 2107

Dear Ms. Keeley:

I am writing you in your capacity as the designated JFK Compliance Official for the FBI. The purpose of this letter is to request that the FBI promptly review and return all "assassination records" that previously were forwarded to you for third-agency review by the U.S. Army Investigative Records Repository (IRR).

Listed below are the case numbers, subject names, and page numbers of outstanding referrals that our records indicate were sent to the FBI by IRR, and have not (as of July 29, 1997) been returned to IRR:

I am enclosing IRR's original 3-page JFK File Index, and all IRR correspondence available to us that originally accompanied these documents as they were transmitted from IRR to the FBI.

We are requesting that by October 17, 1997, you :(a) complete your review of the referrals listed above; (b) return the records to IRR with any suggested redactions ("postponements" under the JFK Act) highlighted or bracketed; (c) provide reason codes for any postponements identified in accordance with Section 6 of the JFK Act; and (d) submit your evidence in support of desired postponements as attachments to each document package returned to IRR. The Chief of IRR is aware that the Review Board is contacting agencies to which IRR had referred records and supports our efforts to expedite the completion of declassification review, so that all IRR records can be placed before the Review Board during its November meeting.

For any document referral packages not returned to IRR by October 17, the Review Board will infer that the agencies concerned do not object to "release in full" of those documents, and will act accordingly.

If compelling reasons are presented to the ARRB in writing, one-time extensions to this deadline of October 17 will be considered, providing new deadlines are proposed which appear reasonable to the

Sincerely,
