

## MEMORANDUM

November 10, 1997

TO: The File

FROM: Cathy Rodriguez

SUBJECT: Enclosed RIFs from HSCA Interfiling Project

These are RIFs which were brought back from National Archives II from the HSCA interfiling project for purposes of updating our computer database. The updating has been put on hold until further notice. These RIFs with their documents are already at the National Archives II facility. We merely have these RIFs here, mostly without the documents attached, for verifying accountability within our own database.
