Dear Tina:

I would like to thank you again for the assistance that you provided to Irene Marr and me during our visit to the LBJ Library earlier this week. I am very pleased about the amount of work that we were able to accomplish during the week, which would not have been possible without the excellent support that you and Regina Greenwell generously provided.

We have been very impressed by the thoroughness and conscientiousness that you and your staff have demonstrated for the JFK project. As I mentioned to you, I am aware of no other agency that has been as conscientious with respect to searching for and identifying potential records for the JFK Collection as has the LBJ Library. We hope that you will continue to keep us informed about any new collections you receive or files that you discover.

I will be writing to you early next week to provide a formal and complete update on the status of our work.

Sincerely,

T. Jeremy Gunn
General Counsel and
Associate Director for Research and Analysis
