Re: Review of HSCA Records Under the JFK Act

Dear Mr. London:

Per my recent telephone conversation with Bruce Miller, I have enclosed a document from the files of the House Select Committee on Assassinations ("HSCA") for your review and recommendation for treatment under the President John F. Kennedy Assassination Records Collection Act, 44 U.S.C. § 2107 (Supp. V 1994) ("JFK Act"). The document includes notes from the HSCA's review of Customs Service files. The CIA has already cleared its equities in this record.

As I discussed with Mr. Miller, please proceed with review of this document in the same manner as with others you have received from our office. The Review Board is scheduled to make a determination on this record at its January 8, 1996 meeting. For this reason, if the Customs Service wishes to submit evidence in support of requested postponements, it should do so no later than January 3, 1996.

If you have any questions regarding this record or the Review Board's procedures, please do not hesitate to call me at the number listed above. Thank you for your cooperation.

Sincerely,

Brian E. Rosen
Senior Analyst
