

MEMORANDUM

February 1, 1996

BY FACSIMILE

To: Stewart Aly, Office of the Deputy General Counsel (LC), DOD

From: Tim Wray, ARRB

Subject: Document Review

Thanks for your input on the initial set of HSCA documents. The eight documents you cleared for release will shortly be forwarded to NARA for inclusion in the JFK Collection. Consideration of the other three has been postponed until the Review Board's meeting on February 29 - March 1, 1996.

As a separate matter, I think we're starting to pick up some momentum within DOD as a result of the meeting you hosted on October 25. Both Ed McBride (Joint Staff records) and David Bosworth (OSD records) have informed me that they've discovered relevant documents and, depending on their disposition recommendations, will be forwarding them either to the Review Board or directly to NARA in the future. I'll keep you abreast of any developments.

Thanks again for your help.
