Re: Deed of Gift for Donation of Historical Materials

Dear Mr. Myers:

Enclosed please find the *Research Edition Notes* (12 pp.) that you sent to me on March 12, 1996. We have decided not to proceed with a deed of gift at this time. To the extent that you have original data that is not generally commercially available that you wish to donate to the John F. Kennedy Collection at the National Archives, the Review Board remains interested in your contribution.

Thank you for your time.

Sincerely,

Laura Denk, Esq.
