Subject: Transfer of Documents with LBJ Library Donor Restrictions

Enclosed please find an additional 14 Warren Commission-era records that are listed as having NLJ donor-restricted material. I suspect these records have already been opened and will have corresponding RIFs for the Johnson Library copies. Please verify the status of these records so that we can determine whether they require additional third agency referrals. As we would like to have the Warren Commission records completed by our next Board meeting on April 13, we request your reply on or before April 12, if possible. The information you provided on the last set of Warren Commission records was very helpful.

The RIFs for the records are as follows:

179-30003-10213	179-30003-10245
179-30003-10214	179-30003-10247
179-30003-10215	179-30003-10249
179-30003-10216	179-30003-10251
179-30003-10237	179-30003-10252
179-30003-10241	179-30003-10262
179-30003-10243	179-30003-10280

Once again, we appreciate your assistance.
