Subject: Status of JFK Library Documents sent to the Review Board

The following is a status of the documents that the JFK Library sent to the Review Board for inter-agency declassification. Enclosed please find copies of the sanitized documents and the worksheets bearing the declassification stamps for those documents that can be released in full. With the exception of one document classified "Top Secret" from the Goodwin papers, I have also enclosed copies of the "un-Rifed RFK", Richard Goodwin and Ralph Dungan documents that may be released in full. 2. Voted to Open with Postponements

The following are those documents which the Board has voted to open with postponements. Of these, only the six marked with the asterisk are enclosed, as they are the records most recently presented to the Board. (We sent the others to you several months ago.) The working copies of these documents, which have the highlighted postponements marked, contain classified information, therefore we will send those copies to NARA.
