

## MEMORANDUM

TO: Church Committee File (w/o encs.)  
HSCA File (w/o encs.)

FROM: Ronald G. Haron

DATE: February 23, 1998

SUBJECT: Church Committee and HSCA Transcripts

Attached are record identification forms ("RIFs") reflecting testimony taken by or in the possession of the Church Committee or the HSCA. This collection may not reflect all the interviews or depositions conducted by those Committees.<sup>1</sup> I did this database search to reconfirm that certain Church Committee transcripts are not in the JFK Collection, as stated in our letter to the Senate Intelligence Committee (*see* 9/19/97 J. Gunn Letter to T. Lawrence).

These RIFs have been placed in a working notebook and are organized (a) by committee and (b) in alphabetical order by witness name.

---

<sup>1</sup> These RIFs were generated using "transcript" as a search term in the HSCA and Church Committee database on 2/23/98. Some RIFs were discarded if they did not reflect testimony obtained by those committees.
