

MEMORANDUM

D R A F T - Juelich replaced this  
with a new memo dated 11-5-97

DATE: October 9, 1997

TO: Treasury File  
Ron Haron

FROM: Rochelle Juelich

SUBJECT: Search for Files from Secretary of the Treasury Dillon & Assistant Secretary Carswell

On October 2 and 3, 1997, I searched the finding aids at NARA for any files of Secretary of the Treasury Douglas Dillon and Assistant Secretary of the Treasury Robert A. Wallace. I found the following entries on the Master Location Register:

- 48 - Index of Office Files of Secretary Douglas Dillon Accumulated by the Executive Secretariat of the Office of the Secretary of the Treasury 1961 - 65.

RG 56            450    B/32/01 - B/32/04            Container #s 1 - 50

The index is a large number of index cards that are not organized particularly well; it would be more beneficial to review the documents themselves. The index cards seem to correlate with documents at entry 198D. Entry 198D seems interesting from its notation in the finding aids, but reviewing the index will not be helpful.

- 198D - Office Files of Secretaries, Under Secretaries, and Assistant Secretaries 1932 - 1965 (Executive Secretariat Files of Douglas Dillon 1961 - 1965).

RG 56            631    76/21/01 - 76/23/03    Container #s 1 - 38C - ES

These documents are classified, so I was unable to review the files. However, the documents may have been reviewed in September 1995 by Dennis Quinn. Mr. Quinn states in his September 18, 1995 memo that he reviewed the Office Files of Douglas Dillon, but I am not sure if he is referring to the documents under entry 198D. I have contacted him and am awaiting his reply to see if these are the same documents.

I also looked very briefly at some records of Assistant Secretary Wallace:

688 - Miscellaneous Records of the Secretary and Assistant Secretaries, Office Files of Assistant Secretary Robert A. Wallace 1963 - 67.

RG 56            450    63/13/01 - 63/13/05    Container #s 1 - 11

Again, I was able to do only an extremely rough survey of these documents. With a NARA staff member, I went into the stacks and looked at the outer labels on the Wallace boxes. Out of 11 boxes, only one box was labeled Secret Service. I opened the Secret Service box; two files in the box pertained to the Secret Service: (1) budget file and (2) miscellaneous file. I reviewed the miscellaneous file and found nothing of relevance.

I was unable to look at the following documents, which we had discussed reviewing, because of time constraints; but, as I mentioned earlier, I don't think that the indexes would be of any use:

- 24    The Records of the Office of the Assistant Secretary for Enforcement & Operation; Records of the Special Assistant Relating to Organized Crime, 1956 - 1969.

RG 56            450    57/31/07            Container #s 1 - 5

- 30A    Index to General Correspondence & Subject Files 1932 - 1971; discontinued index

RG 56            450    66/04/07 - 66/05/07    Container #s 1 - 2

- 30B    Index to General Correspondence & Subject Files 1932 - 1971; state index

RG 56            450    66/04/07 - 66/05/07    Container #s 1 - 86
