Dear Mrs. Carr:

It was a pleasure to meet with you yesterday at your office to discuss your participation in the events connected with the transfer of President Kennedy's autopsy photographs and x-rays to the National Archives during the autumn of 1966.

The information you provided will assist the Review Board in carrying out its mandate to identify, locate, and make available all records pertaining to President Kennedy's assassination.

All of our staff records will be released to the National Archives after the Review Board ceases its activities, presumably in October of 1997. We ask you not to discuss the details of our conversation because we anticipate speaking with other people regarding their recollections of the same events. Please feel free to call me at ext. 258 if you have any additional questions or comments.

Sincerely,

David R. Montague  
Senior Investigator
